Subject: Laboratory Audit Report

Dear Mr. Lane:

Quality Assurance staff from the Environmental Monitoring Branch, Bureau of Reclamation, Mid-Pacific Region recently completed a performance and system audit of Calscience Environmental Laboratories, Inc. (Calscience). After conducting these audits and reviewing Calscience's response to them, the audit team is confident in Calscience's ability to analyze soil, sediment, and water samples for organic and inorganic parameters in support of Reclamation programs. As a result, Calscience will be added to Reclamation's master list of approved laboratories. Please send a current fee schedule/price list to Reclamation's Mid-Pacific Regional Office in Sacramento, California.

The Reclamation audit team wishes to thank you and your staff for their time and assistance during these audits. If you have any questions, please feel free to contact me at 916-978-5285 or [vstokmanis@usbr.gov](mailto:vstokmanis@usbr.gov).

Sincerely,

Victor Stokmanis
